☑ DUAL CHANNEL® PADLOCK SEAL **∴TydenBrook**

The Dual Channel Padlock Seal is designed to provide greater tamper-evidence and tamper-deterrence. It features a recessed channel on each side of the body. Once sealed, any attempt to withdraw the hasp will cause it to pierce the body and enter the channel, thereby providing visual evidence of tampering.

APPLICATIONS

- In-flight Service Equipment
- Metering-Related Applications
- Pharmacy Boxes & Cabinets
- Drums

- · Utility Meters
- ATM Cassettes
- Oriental Carpets
- Tote Boxes

A011893
